## Outdoor Power Supplies for High Power LED - 1050mA

### Description

AT LAST a fully potted (IP67), dimmable outdoor power supply for LED! Unique to Landscapeplus, we have developed a power supply with the same simplicity, reliability and ruggedness as our others, but now with the benefit that it is dimmable. Based on our best selling outdoor power supplies, they are guaranteed for 5 years, and for added safety include a built-in resettable fuse, to protect the low-voltage side from direct shorts as well as surge protection to prevent damage to remote controls. Selection could not be easier – simply group together your chosen High Power LED light fittings (1050mA) then add up the wattage, ensuring it does not exceed 48w.
