LunAqua Power LED (LML2020)

- Small, compact spotlight with robust underwater connection technology
- A lot of light and significant energy savings: it is one of the brightest LED spotlights in our pond illumination product range
- Only 5.8 W power consumption, yet as bright as a 50 W light bulb
- Safe operation of the spotlights through 24 V DC low voltage, also in swim ponds
- Spotlights, drivers and cable suitable for underwater use to a depth of 4 m (protection class IP 68, however standard regulations do not allow underwater use of the driver in swim ponds)
- Service life more than 36,000 h thanks to excellent thermal management, high quality and long-term reliability
- 10 m cable for extension between light fixture and driver available as an accessory (max. 4 x per strand)

		LunAqua Power LED Set 1	LunAqua Power LED Set 2	LunAqua Power LED W	LED-floating fountain illumination white
Dimensions (Ø x H)	mm	65 x 100			
Rated voltage		0 - 24 V / 350mA / DC			
Rated voltage (primary, secondary)		230 V / 50Hz, 0-24 V / 350 mA / DC		-	230V/50Hz, 0-24V/350mA/DC
Power consumption light fixture	W	5.8			
Energy efficiency category light fixture		A++			
Power consumption set	W	8	19	-	19
Protection class		IP 68			
Cable length 12 V device	m	3.00 (power unit) + 5.00		2.00 (power unit) + 5.00	
Net weight	kg	1.7	2.8	0.55	6
Gaurantee	Years	2 + 1			
Illuminant type		LED			
Number of individual LEDs		1			
Light flux	lm	580			
Light colour		Warm-white			
Colour temperature	k	2700			
Half peak angle		30 Degrees
