AquaActiv ALGo (PNA6240)

AquaActiv ALGo 500 ml

Container size		500 ml
Suitable for ponds up to max.	m ³	10
Optimal supplements		OptiPond, PhosLess

- Safely effective against the most frequently occurring algae types, such as string algae or brown algae
- Inhibits algal metabolism
- Reduces new algae formation
- Use biocides carefully. Always read the label and product information before use!
- Inhibits photosynthesis of the algae - algae starves
